

Dynamic Microscopy 2006

October 9, 2006

Day of Lectures

- Zena Werb (University of California, San Francisco)
Keynote Speaker
"Imaging the microenvironment during tumor progression"
- Ernst Stelzer (EMBL, Heidelberg)
- Robert Hoffmann (Anti-Cancer, San Diego)
- Anne Kenworthy (Vanderbilt, Nashville)
- Maxime Dahan (ENS, Paris)
- David Kremers (Caltech, Pasadena)
- Daniel Müller (HTU, Dresden)
- Jackson Egen (NIH, Bethesda)

University of Würzburg

October 10, 2006

Microscopy Workshop

- Single-Molecule Microscopy
- Dynamic Confocal Imaging
- Multiphoton Microscopy
- Fluorescence Recovery After Photobleaching

October 11, 2006

Demonstrator Day

- Demonstrations from our sponsors
- Test your own samples on the state of the art microscopes
- Special Demonstrations: TIRF, FCS, FLIM, FRET Microscopy

Location:

Rudolf-Virchow-Center

DFG-Research Center
for Experimental Biomedicine
University of Würzburg
Versbacher Str. 9
97078 Würzburg

Sponsored by:

Nanotechnology for Life Science

... we make your results look better
